Green menu items – Everyday. These are consistent with the Dietary Guidelines for Children and Adolescents in Australia and most suitable for school food services, including canteens.

Amber menu items – Select Carefully. These contain some valuable nutrients, but may also include unhealthy ingredients. They are mainly processed foods that have fat, sugar, or salt added.

Red menu foods – Occasionally. These are not consistent with the Dietary Guidelines for Children and Adolescents and are not recommended for school food services, including canteens.
